For Achievement in Leather Craft

Ann Stohlman Youth Award
For Achievement in Leather Craft

WORKSHOP INFORMATION

TUESDAY, MAY 14TH - SATURDAY, MAY 18TH

- Hands-on, in-person instruction from professional leather artists
- Professional and educational environment
- Improve your skills and enhance your art or profession

PAYMENT / REGISTRATION OPTIONS:

Register via our website:

<https://leathercraftersjournal.com/rocky-mountain-leather-trade-show/>

1. Add workshops to your cart and pay online safely with PayPal or Credit Card
2. We will confirm your registration(s) via email after receipt of payment.

CALL US! 715-362-5393

1. Call Monday-Friday, 8:00am-5:00pm CST and pay with credit card or PayPal
2. We will confirm your registration(s) via email after receipt of payment

- Registering for someone else? Be sure to record their name as the student in the Order Notes box (located under the Shipping Address) when you check out.
- ALL STUDENTS will check in before their first workshop at the Box Office inside the Whitney Center for the Arts (see p. 4 – STAR location).

CANCELATION POLICY

- There is a \$25 administration fee for canceling a workshop.
- The cost of each workshop will be refunded minus the \$25 fee.
- No refunds for workshops after Thursday, May 9, 2024.

HELPFUL HINTS FOR STUDENTS:

- Sharpen your tools before each workshop
- Please refrain from wearing perfumes/colognes
- Bring a magnifier/headlamp (right)
(available at leathercraftersjournal.com/shop/)
- Make a traveling cutting/stamping board (below)

3 Dimensional Leather Workshop

\$175.00

DANIEL REACH

Student Limit 15

- Beginner

Join me for a one-day 3D leather workshop where we'll create a covered bridge over a dry riverbed - entirely from leather. We'll explore techniques for shaping and texturing leather to form rocks, grass, wood, and structural elements, bringing depth and realism to the piece. This workshop is open to all skill levels, whether you're looking to refine your skills or try something new. Expect a relaxed, hands-on environment with plenty of room for creativity and problem-solving.

Materials to Bring: Hot glue gun, hot glue sticks, Super Glue (recommend Starbond Superfast Thin), Insta-set (recommend Bob Smith Industries), modeling tools, swivel knife, small sifter (like you use for sifting flour), hair dryer, tweezers, small fan recommended but not necessary, and edge bevel (size 2 preferred, but most sizes will work). A magnifier, headlamp, etc. are optional.

Materials for this workshop donated/provided by:

Hermann Oak Leather Co., The Fiebing Co., Renia USA, and Weaver Leather

Saturday

17-May

8:00 am - 5:00 pm

Whitney Center for the Arts

W 228

3D Baroque Lion's Head

\$300.00

JÜRGEN VOLBACH

Student Limit 10

- Intermediate

In this workshop we will work on a lion's head in Baroque style in high relief, and learn how to work with extreme hair structures and highlight them. After completion, Jürgen will demonstrate how to paint the bronze effects on this classic head or give it a verdigris (copper-oxidized) look. Each participant will receive a pattern to tool a leather frame in the acanthus style that compliments the Baroque piece.

Materials to Bring: Tooling stone, water sprayer, headlamp, mallet, technical graphite pencil (0.5 mm B9), different sizes of steep bevelers, swivel knife, strop, 4 sizes of ball end modelers, modeling spoons (fine spoon, bigger spoons), hairing tool, fine tip stylus, and a backgrounder to your taste!

Materials for this workshop donated/provided by:

Hermann Oak Leather Co., The Fiebing Company, and Renia USA

Wednesday-Thursday

5/14-5/15

Acrylic Painting on Leather

\$175.00

ANNIE LIBERTINI

Student Limit 15

- All skill levels welcome!

Before she discovered the joys of leatherwork Annie Libertini was a painter with a Bachelors of Fine Arts in Painting. In this one day workshop Annie will bring her painting knowledge to you, covering color mixing, application techniques, and everything else you need to know to create beautiful color and depth in your leatherwork. We will be painting on leather in the workshop in order to focus on the specific challenges that leather presents as a painting surface.

Materials to Bring: Notebook, pencil/pen, artist's palette, paintbrushes in a variety of sizes (fine detail brush and flat brushes in sizes 1/8", 1/4", 1/2", and 1").

Materials for this workshop donated/provided by:
Hermann Oak Leather Co. and Weaver Leather

Advanced Floral Tooling: Demonstration & Discussion

\$150.00

JIM JACKSON

Student Limit 7

- Advanced

Leather carving and tooling demonstration by National Heritage Fellow and Master craftsman Jim Jackson. He will layout and carve a checkbook cover - explaining aspects of designing and building projects, pattern transfer, direct drawing, swivel knife work, tooling and finishing (while you watch and ask questions). Just bring your inquisitive self and enjoy your morning at The Brinton Museum learning about the finer points of floral design.

Materials to Bring:
Note taking materials.

Thursday

15-May

9:00 am - 12:00 pm

Brinton Museum

Aged to Perfection: Creating the Illusion of Time

\$85.00

DANIEL REACH

Student Limit 20

- Beginner

In this workshop, I'll be demonstrating techniques for creating the illusion of age on a 3D leather project, drawing from the same methods used in my award-winning pieces *The Homestead* and *The Lazarus* (pirate ship). We'll explore a range of aging techniques, including wet and dry applications, as well as 3D texturing, to add depth, character, and a sense of history to your work. These methods are adaptable to various types of leather projects, from scenic compositions to traditional carving. Whether you're looking to create a timeworn patina or dramatic weathering effects, this session will give you the tools to bring authentic aging to your leatherwork.

Materials to Bring: Pen, paper, and snacks.

Friday

16-May

1:00 pm - 4:00 pm

Whitney Center for the
Arts

Alligator and Hair on Cowhide Makeup Bag

\$185.00

BRODERICK VAUGHAN

Student Limit 10

- All skill levels welcome!

In this workshop, you will be constructing a makeup bag using both brown tone alligator skin and hair on cowhide. Broderick will talk about selecting the correct section of hide to use. The bag construction includes installing a zipper and also a cloth lining. {You'll be using a COBRA Class 26 sewing machine; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Notebook, pencil/pen, camera and any questions you may have.

Materials for this workshop donated/provided by:

Leather Machine Co. LLC, Renia USA, and Vaughan Gators

Alligator and Python Purse

\$245.00

BRODERICK VAUGHAN

Student Limit 10

- All skill levels welcome!

Construct a purse with exotics, combining various brown tones of alligator skin and python skin. Broderick will show you the best places on the hide to cut out the necessary parts. This purse closes with magnetic snaps, which Broderick will show you how to properly position and install. This beautiful project will be machine stitched. {You'll be using the COBRA MP Burnisher and COBRA Class 26 sewing machine; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Notebook, pencil/pen, camera and any questions you may have.

Materials for this workshop donated/provided by:

The Fiebing Company, Leather Machine Co., LLC, Renia USA, and Vaughan Gators

Basic Saddle Repair Part 1 (Western Saddles)

\$125.00

BOB KLENDA

Student Limit 15

- All skill levels welcome!

The focus of this workshop is to provide a solid foundation for anyone already repairing saddles and tack or contemplating doing it. Subject matter consists of the basics of business, understanding what leather to use for what, hide composition and the expected yield from a hide, how to price leather, related materials and labor. Also covered: how to cut leather, suitable tools, necessary tools, workspace, workbenches, machines needed along with tailoring your business to match your location and abilities. If time permits, Bob will focus on recreating worn and lost parts and matching new to old leather. {Bob will be using COBRA Class 4, a COBRA Burnisher, and a COBRA Splitter; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Notebook, pencils, camera, and questions; you're welcome to bring samples of things you have questions about (even saddles).

Materials for this workshop donated/provided by:

Hermann Oak Leather Co., The Fiebing Co., Leather Machine Co., LLC, Renia USA, Ron's Tool Co., and Klenda Custom Saddles.

Basic Saddle Repair Part 2 (Western Saddles)

\$125.00

BOB KLEND A

Student Limit 15

- All skill levels welcome!

The focus of this workshop is to provide a solid foundation for anyone already repairing saddles and tack or contemplating doing it. Subject matter consists of explaining as well as showing what is repairable, what isn't, and why it isn't. Examples of good and poorly done repairs and explanation of what constitutes good and poor work. Examples as well as explanation of the makeup of saddle trees, materials their made of, bar design and what constitutes a good or poor fit. Saddle design and its relationship to providing good service or causing problems. Saddle care, cleaning and what products are expected to do what. Saddle parts, the role they play and what is expected of each. Examining a saddle so as to diagnose potential problems, where to look and what to look for. {Bob will be using COBRA Class 4, a COBRA Burnisher, and a COBRA Splitter; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Notebook, pencils, camera, and questions; you're welcome to bring samples of things you have questions about (even saddles).

Materials for this workshop donated/provided by:

Hermann Oak Leather Co., The Fiebing Co., Leather Machine Co., LLC, Renia USA, Ron's Tool Co., and Klenda Custom Saddles.

Beginner's Floral Carving

\$125.00

DON GONZALES

Student Limit 18

- Beginner/Intermediate

This beginner-level workshop is focused on working to develop a quality foundation in leather floral carving and stamping. The patterns that you will use in this workshop are designed to teach you the proper techniques for carving and developing a pattern. Students will focus on proper swivel knife skills and smooth beveling, which is the basis for a properly tooled piece of floral work. You will also work on backgrounding, pear shading, and decorative cutting to finish a pattern that looks beautiful. If you are new to floral carving or want the opportunity to step back and work on fundamentals, then this workshop will be very helpful. Bring your tools and Don will bring the leather and patterns. Let's stamp some leather!

Materials to Bring: Floral carving and stamping tools, tooling stone, mallet/maul, swivel knife, and a strop.

Bobby Park's Antiquing, Dyeing & Finishing Demonstration

\$95.00

BOBBY PARK

Student Limit 20

- All skill levels welcome!

There are so many products available to the leather worker that it is difficult to know what to use or when to use it. Bobby designed this 3-hour demonstration to address the use of a variety of those products. General topics covered will include the use of spirit and water based dyes, acrylic colors, liquid highlighters and paste antiques. Through the use of close-up cameras and a large screen TV, he will share the techniques and sequences that he uses to produce professional-looking finishes. Discussion will include: oiling, brush selection, dyeing tooled backgrounds, dyeing edges, applying acrylic colors, applying paste antique, finish coats and sealants. Throughout the demonstration he will address a variety of products from various manufacturers, alternative applications and the successful methods that he's learned to use over the years. This demonstration covers a lot of ground and is one of Bobby's most popular workshops!

Materials to Bring: Note taking materials. Cameras are welcome.

Bobby Park's Bench Tool Sharpening & Equipment

\$95.00

BOBBY PARK

Student Limit 15

- All skill levels welcome!

Having trouble keeping your edger sharp? Does your skiving knife just skip over the top of the leather? If so, then this is the class you need! With the use of close-up cameras and a big screen TV, Bobby will demonstrate how to make your tools cut again! What's more, you'll learn how to keep them sharp. Topics covered in this demonstration include edgers, French edgers, skivers, gouges, stitch groovers, hole punches, tube punches, awls, draw gauge blades, straight blades, round knives and swivel knives. The discussion will include strops, stropping techniques, types of strops, systems and how and when to use them. Bobby will also review the equipment and systems that he uses to maintain the tools on his own bench. Time permitting, there will be an open Q & A session where he will answer questions regarding any subject which may interest the class.

Materials to Bring: Materials to Bring: Note taking materials. Cameras are welcome.

Bobby Park's Carved 5x8 Pad Folio Cover

\$185.00

BOBBY PARK

Student Limit 12

- Intermediate

This will be a leather carving workshop. The project will be the carving of the folio cover with one of Bobby's floral designs. The focus of the instruction will be on the carving, with emphasis on the swivel knife techniques, the carving sequence, and proper tool selection and use. Additional topics will include leather selection, preparation for carving, maintaining proper moisture and preparation for finishing. The student will also receive cutting patterns for the folio interior and general assembly instructions for the completion of the project at home.

Materials to Bring: SHARP swivel knife, stamping tools, stamping stone, note taking materials and camera. A recommended tool list will be forwarded to students who sign up for workshop. **NOTE:** An acrylic cutting guide set will be available for sale in class. The set will include the cover & lining, side pocket w/business card pocket, notebook slot panel and pen loop.

Bobby Park's Creating Western Floral Designs

\$185.00

BOBBY PARK

Student Limit 12

- Intermediate and Advanced

If you were standing in the wrong line when they passed out drawing skills, this class is for you! This workshop is designed as an introduction to drawing floral tooling patterns utilizing the techniques outlined in Bobby's book, *Creating Western Floral Designs*. The instruction is designed to assist those who struggle when composing floral tooling patterns. Utilizing close-up cameras and a large screen TV, Bobby outlines the step by step process that he uses when designing patterns. This is not an art class! Rather, it's a mechanical approach to composition utilizing common traditional design elements found in most tooling patterns. The focus is to assist students in designing patterns by following the techniques outlined in the book. Some of the topics covered include basic layout, the use of borders and understanding pattern flow. During the afternoon session the students will practice some basic techniques in drawing, under Bobby's supervision. Loaner copies of *Creating Western Floral Designs* will be available and signed copies will be available for purchase as well.

Materials to Bring: Pencils, erasers, circle template (up to 3"), note taking materials and a camera.

Bobby Park's NEW Burnishing Edges Demonstration

\$95.00

BOBBY PARK

Student Limit 20

- All skill levels welcome!

This is the NEWLY REVISED version of Bobby's most popular demonstration. If you are interested in learning various methods to produce professional quality edges, then this is your class! Aided by the use of cameras and a large screen TV, Bobby demonstrates each step of a number of burnishing techniques. Topics include hand finishing, machine burnishing, burnishing solutions, the proper selection and use of edgers, edge dyeing, and finishing. New for this demonstration is the use of polymer-type edge paints as manufactured by Giardini, Fenici, and Maker's Leather Supply. This multi-step process is proven to be effective on almost all types of leather, solving the age-old problem of obtaining a durable and professional edge finish on chrome tanned leather! Time permitting, Bobby will open a Q & A discussion on any subject which interests the class.

Materials to Bring: Note taking materials. Cameras are welcome. NOTE: Edge Magic and Edge Markers will be available for sale in class.

Boot Stitched and Lined Backpack Sling Bag

\$325.00

SERINA LEE

Student Limit 10

- Intermediate

This Backpack/Sling bag is so versatile and fun! It can be used as a sling bag on either side and it has a zipper on each side for easy access. It also has an exterior back zipper pocket and in interior zipper pocket. The straps are made with a long zipper in the center and can be divided to use the bag as a Backpack! The bag is completely lined. We will be doing the quilted boot stitch if you want or it can be left without the stitching. It is the perfect size too! There are lots of great tips in this bag that you can take into your other bag making endeavors! {You will be using the COBRA Class 18; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Wonder clips, ruler, fabric glue, 1/8-inch and 1/4-inch double sided tape, 1/8-inch hole punch and rivet setter for double-capped rivets, surface to punch holes on, poly roller, cobbler's hammer or rubber mallet, scissors, pen, pencil, and straight pins for sewing.

Braided Bolo Tie

\$125.00

JOE BOYLES NICK CARTER

Student Limit 10

- Beginner

Bolo ties are a great way to dress up your western shirt. Want something nicer than the average "store bought" bolo? Would you like to be able to tell your friends that you made your bolo and be able to make one for them also? Then this is the workshop for you. You will braid your bolo out of kangaroo lace using the four-strand flat and round braids. With two instructors and probably a couple others that will drop in, you will learn many different techniques of braiding. It will be a moderately paced workshop and should afford you plenty of time to finish your project. Nick and Joe have been teaching together for about 7 years and know how to keep it interesting and fun.

Materials to Bring: Any braiding book you may have, note taking supplies, and a camera if you want.

Materials for this workshop donated/provided by:
Y-Knot Lace, Springfield Leather Co., NTC Braiding, and Rugged Cross Saddlery

Friday

16-May

Edward A. Whitney
Academic Center

W 209

Braided Dog Leash

\$150.00

JOE BOYLES NICK CARTER

Student Limit 6

- Intermediate to Advanced

This is NOT a workshop for beginners. We will be braiding with para cord so you the student can concentrate on technique rather than keeping the strands right side up. We will be using six- and eight-strand round braids, 13- and 11-strand Trena patria braids. We will also be teaching the transitions between these different braids. Three will be two different styles of eight-strand braiding and a crown knot. This will be a fairly intense workshop and will require a lot of concentration for the majority of the time. Nick and Joe have taught together for about seven years and compliment each other's styles of teaching.

Materials to Bring: If you have a small pair of vise grip pliers and a vise that clamps to a table, please bring it (and any table protection as necessary). Neither are required, but would make things a little easier if you have them available. You will probably want note taking material and well as a camera for those still photos of this process. Be ready to learn.

DANIEL REACH*Student Limit 20**- Beginner*

In this workshop, I'll be demonstrating three unique techniques for adding color to leather artwork, with a focus on pictorial and portrait work. These methods can bring depth, realism, and vibrancy to your designs, but they're also adaptable for Sheridan-style carving. Whether you're looking to refine your coloring skills or explore new approaches, this session will provide insight into how different techniques interact with leather. Expect a mix of demonstration and discussion, with plenty of opportunities to ask questions along the way.

Materials to Bring: Pen, paper, and snacks.

Friday

16-May

9:00 am - 12:00 pm

Whitney Center for the Arts

W 228

Build a Belt**JOE MELING***Student Limit 15**- Intermediate*

Build yourself a new belt! During this class you will apply the fundamentals of floral carving and basic stamping to create a single layer heirloom belt. Learn dye and finish techniques along with edge slicking and snap setting. As part of this class, we will cover a basic measuring strategy to ensure the best fit for yourself, as well as custom orders. The amount of tooling and stamping will vary depending on your experience level coming into the class to ensure that you leave with a finished product.

Materials to Bring: Tooling stone, mallet/maul, stylus, swivel knife, tools for carving and stamping (checkered bevelers, vertical lined thumbprint, veiner, mules foot, flower center, backgrounder, border stamp, geometric/basket stamp), and note taking materials. (Also bring a headlamp if desired).

Building the Chapron

\$225.00

JULIE BAUGHER

Student Limit 15

- All skill levels welcome!

Let's build an apron, or better yet, a Chapron! In this workshop, you will be building a leather apron that looks like a pair of chaps. We will be using Hermann Oak's 1818 Heritage, water resistant leather that they will be graciously donating, and their latigo for the yoke tops! These aprons will ALL be the same size; one size fits all. You get to determine the pockets that will be going on them and the configuration you would like to use! If you want to tool or stamp your yokes, you'll need to get a hold of Julie at least 6 weeks in advance so I can send you the yoke template you will be using! {You'll be using COBRA Class 20 and 26 sewing machines; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Cutting mat, preferred cutting tools, tape measure, 6 x 24 quilter's grid, edger, and leather shears. (Please put your name on your grid.)

Materials for this workshop donated/provided by:

Hermann Oak Leather Co., Renia USA, Leather Machine Co. LLC, and Weaver Leather

Cabocho Braided Belt Buckle

\$225.00

ISAAC ROMERO

Student Limit 8

- All skill levels welcome!

In this workshop, led by the talented Isaac Romero from Spain, you will learn how to combine braiding techniques with stone inlay to create a stunning belt buckle. Throughout the course, you will explore how to braid around a cabocho using different lacing styles and finishes. You will also have the option to complete the final lacing, following the full braiding process taught in the course, using kangaroo lace from Y-Knot lace. Alternatively, you can choose saddle stitching, which not only saves time, but also offers a different aesthetic finish, as shown in one of the examples provided. This workshop is perfect for both beginners and those looking to expand their skills in leatherworking and decorative techniques. Don't miss it!

Materials to Bring: Lacing needles, lacing fid or round awl, utility knife, small cutting board, and bone folder. Alternatively, those who choose to do the saddle stitch will need to bring a stitching clamp and pricking irons size 3.85mm (7 SPI) and needles.

Materials for this workshop donated/provided by:

Carving Layout Evolution

\$175.00

YVES LESIRE

Student Limit 10

- Intermediate

If you're struggling with your drawing, the flow and balance, if you want to save time while maintaining high-level quality tooling on your projects, this class is for you. You will learn a method using multiple primary circles that makes your layout easier, giving you harmony and balance while preserving the flow. Yves (pronounced "eve") will use a fender pattern as an example. You will learn how to draw a layout with multiple options. From just a corner to a fully drawn piece, you will be able to add or remove in one second some parts of the layout to have either a partial, half, or fully tooled carved project.

Materials to Bring: Notebook, pencil, pen, eraser, and colored pencils.

Saturday

17-May

8:00 am - 5:00 pm

No refunds for workshops after May 9, unless otherwise noted.

Engraving - from Conception to Completion

\$150.00

DIANE SCALESE

Student Limit 15

- All skill levels welcome!

Western engravers face many challenges unique to our trade. We must be versed in everything from bright cutting to gun engraving to jewelry engraving and stone setting. We often have very large or very small, uniquely shaped items to hold and engrave, sometimes requiring special tools and fixtures, as well as knowing what style or patterns of engraving works with a piece. Starting with individual projects, we will cover everything from design to execution. We will discuss and demonstrate ways of adding interest to your engraving through the use of borders, negative space, unique patterns, fine tuning, and stone setting. We will talk about and demonstrate engraving overlays, beveling edges, how to handle hard to reach areas, how to fill in backgrounds, etc. We will demonstrate engraving conchos, saddle silver, bracelets, and belt buckles. We will discuss design, how to approach an engraving project, what styles are best, what borders are best, what obstacles you will have to work around, etc. Students are encouraged to bring ideas and/or projects to discuss and to try out the different techniques and tools.

Materials to Bring: Paper and notebook. Projects in the works or in concept only.

Fearless Swivel Knife Use

\$125.00

JIM LINNELL

Student Limit 25

- All skill levels welcome!

If you are one whose hand tenses up when touching a swivel knife and a bit of fear brushes the pit of your stomach when your swivel knife touches the leather, this is the workshop you need to take. This workshop begins with the basics and then takes participants beyond what they ever dreamed they could do with a swivel knife. Once the fear of the swivel knife is conquered, cutting a pattern, decorative cuts, and even complete designs will be handled with confidence. By the end of the workshop, students will complete a piece of leather art using only their swivel knife. Jim promises to get the novice started down the right path and the experience to be challenged. This is one of those workshops that always sells out, so don't wait until the last minute.

Materials to Bring: Favorite swivel knife, stylus, strop, note taking supplies and all the questions you've ever had about mastering the swivel knife.

Figure Carving Help

\$110.00

KATHY FLANAGAN

Student Limit 15

- All skill levels welcome!

Animals have not been created equally, at least as far as the way they are put together. The fur, hair, wool, or lack of any of those, are all tooled with a different technique. An eagle's eyes are nothing like the eyes of a guinea pig; some animals sport shiny shells, scales or feathers instead of hair. This workshop is meant to explore any of these traits, and more. If you have a specific animal characteristic which is giving you trouble, bring it along. We can figure it out together.

Materials to Bring: Stylus, modeling spoon, swivel knife, strop, mallet, bevelers, matting tools, smooth pear shaders, hair blades, figure bevellers F895, F902, paper and pen, and a tooling surface.

Materials for this workshop donated/provided by:
Hermann Oak Leather Co.

Floral and Figure Carving Finesse

\$175.00

JIM LINNELL

Student Limit 15

- Intermediate

Looking for a deep study into what it takes to produce clean, crisp, and detailed floral and figure carvings? Want to learn how to carve challenging patterns that require detailed execution to do it justice? The most skilled craftsmen are always challenged by small details. In this class, Jim Linnell will show how he tackles some of the smaller carvings he has done. While experience and practice are still the secret, this workshop is for the leather craftsman who might think their leatherwork has stopped improving, but doesn't know how to get to the next level.

Materials to Bring: Tooling surface, mallet, swivel knife, strop, fine stylus, fine hair blade, modelling spoon, medium to small pear shaders, medium to small steep angled bevelers, medium to small camouflage stamps, fine veiners, seed stamps, stop & mules foot stamps, matting-style background stamps in smaller sizes, matting stamps of your choice, and figure bevelers such as F895, F891, F890, F902, F898 & F899.

Floral Carving Depth and Realism

\$190.00

DON GONZALES

Student Limit 18

- Intermediate to Advanced

This floral carving workshop is designed for those at the intermediate to advanced skill level in floral tooling, with a focus on further developing those skills. During this class you will work on improving depth and realism of main elements within a pattern as well as maintaining natural and elegant flow of your vine work. Quality swivel knife work and beveling are foundational to the quality of any floral pattern.

Materials to Bring: Complete floral carving/stamping tool selection including stamp lifters, strop board, swivel knives, pencils, sketchbook, transfer film or paper, mauls and/or mallets for stamping, stylus, headlamp if needed for better lighting, tooling stone, notebook for notes, and petal lifters if you like using those as well.

Materials for this workshop donated/provided by:
Hermann Oak Leather Co.

Focus on Feathers & Roses

\$175.00

JIM LINNELL

Student Limit 15

- Intermediate

If you are wanting to learn to carve with more depth and clarity, this is a class you should take. Students will learn how to capture those finer details as they carve a unique and beautiful pattern that weaves roses and feathers together. This class will teach a combination of different carving skills. You will be amazed at how well these elements flow together.

Materials to Bring: Tooling surface, stylus, swivel knife, petal lifter, scalpel, fine hair blade, modelling spoon, medium to small pear shaders, medium to small steep angled bevelers, diagonal lined bevelers such as B202L & B202R or a leaf liner, matting style background stamps such as A104, and matting stamps of your choice.

From Hide to Lace: Learn to Cut and Prep Your Own Lace

\$125.00

ISAAC ROMERO

Student Limit 15

- Beginner

After seeing many of his colleagues struggle with cutting and preparing their own lace for braiding, Isaac has decided to share his expertise. In this hands-on class, you will learn how to cut lace from a full hide using various tools and techniques. Isaac will also share valuable tips to simplify the process and improve your results. Thanks to Y Knot Lace and Lace Master for supplying demonstration tools, and to Weaver Leather for the lace cutter that students will keep, you'll also have the chance to split and bevel your own lace. Additionally, you will gain experience using a variety of tools from different manufacturers, helping you make more informed decisions about expanding your own tool collection and choosing the options that best suit your needs. By the end of the class, not only will you have the skills to cut and prepare your own leather lace, but you'll also take home a lace cutter and a few meters/feet of lace you crafted yourself.

Materials to Bring: Small cutting surface, scalpel or scissors, and a wing divider.

Materials for this workshop donated/provided by:
Hermann Oak Leather, The Fiebing Company, Duffs Leather Care, Y-Knot Lace, Lace Master, Weaver Leather, and Leather Artisan Lab

Fundamentals of Floral Carving

\$200.00

JOE MELING

Student Limit 20

- Beginner

Whether this is your first time tooling or you are learning to refine your skills, you will benefit from the one-on-one time in this class, learn the basic skills it takes to create a floral design on veg tan leather. Discover simple tips that will make your swivel knife run smoothly and your bevel lines look even. Then, we will add shading and detail tools to create a professional finished appearance. You will leave with a tooled piece that you can later build into a roper wallet or use as a patch on a bag or other project.

Materials to Bring: Tooling stone, mallet/maul, stylus, swivel knife, tools for carving (checked bevelers, vertical lined thumbprint, veiner, mules foot, flower center, backgrounder), and note taking materials. (Also bring a headlamp if desired.)

SARAH GARVEY*Student Limit 10**- Intermediate*

Learn how to draft gusseted purses and cases made entirely of tooling leather. Unlike fabric and soft leathers, veg tan can be difficult work with 3-dimensionally. We will explore the most common gusset styles, leather weights, and assembly techniques and practice creating and adjusting them as needed. Sarah will show you the whole process, from designing to drafting a usable pattern to putting together your initial prototypes in leather. To accomplish this, you'll focus on making 3 small-scale leather prototypes (think business card cases), each featuring a different gusset style. By the end of class, you will have the knowledge to both alter existing patterns and construct your own prototypes and working patterns. Make unique products that will stand out in a crowd and never have to buy someone else's pattern again. {You'll be using a COBRA Class 26 sewing machine and the COBRA NP4 bell knife skiver; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Notebook/sketchbook, pencil, pen, straight edge, cutting mat, head knife (sharp), scissors, French curve, clear tape, a couple dozen 1/2" binder clips, and a few 8.5 x 11 sheets of cardstock (very thick paper).

Leather Tooling Masterclass

\$50.00

SARAH GARVEY

Student Limit 10

- Intermediate

Take a critical and constructive look at your leather carving in this adaptation of a traditional music masterclass. As an artist, learning to be critical of your work is just as important as learning how to receive constructive criticism from others. Students will each receive 10 minutes of one-on-one time with me in front of the class, sharing a prepared piece of your choosing. During that time, I will share my constructive feedback and answer students' questions. Every presentation will provide an impromptu and sometimes unexpected lesson for more than just the person in the spotlight. Learn how to effectively practice the art of self criticism and how to humbly open yourself to other's input so you can grow as an artist.

Materials to Bring: Example(s) of your work to share. Finished pieces are encouraged, but unfinished examples can accompany if students wish to focus on a specific step.

Pricing Your Work

\$125.00

BOB BRENNER

Student Limit 12

– All skill levels welcome!

Bob Brenner is the leather industry authority with decades of experience on how to price your work. Are you profitable? Even if you are, this workshop is designed to help you maximize your profits and avoid common pitfalls. This is a packed, 4-hour workshop based on Bob's book, "How to Establish Prices for the Saddle Maker or Leather Worker". Each student will receive his book (a \$39.95 retail value) during the workshop, which will help you greatly in your note taking while Bob is teaching. This proven system will teach you how to establish a profitable hourly rate and price for your services and products, and it is updated by Bob continuously to reflect fair market pricing. Having a Business Administration Degree from Colorado State University and spending 11 years in the banking industry, Bob set up every day, real world accounting systems in his shop which are the basis for the book. These strategies can be used for anything you make. Bob uses this same system in his shop on a daily basis and this is his 22nd year teaching this workshop, which tells you it is a valuable resource. If you've made it, he's priced it – profitably!

Materials to Bring: Note taking materials.

Professional Holster Making with Slickbald

\$200.00

CHRIS ANDRE

Student Limit 12

– All skill levels welcome!

Learn the fundamentals of professional holster design and construction. Slickbald will focus on a field style holster with thumb break retention. This workshop will cover the fitting of the holster style to the customer, types of holsters and their applications, as well as designing holsters from scratch. Leather selection, liners, wet molding and more will be covered during construction. This workshop will also cover shop tips and production techniques to help the student hit the ground running. Students will receive one of Slickbald's Field Holster Master Pattern Packs. NOTE: Firearms are NOT permitted in the Prescott Resort & Conference Center. Only Blue Guns will be allowed in this workshop.

Materials to Bring: Students should have their own professional collection of properly shaped, sharpened, and polished tools: pencil, head knife or similar, strop, round punches, one medium-sized (#3/4) French skiver, #3 and #5 common edge bevelers, slicker, and wing dividers. Slickbald will bring tools to try and fill any gaps.

Scrolls, Scrolls, Scrolls

\$200.00

SARAH GARVEY

Student Limit 10

- Intermediate

Challenge yourself to think outside the box and draw inspiration from unexpected places with a non-traditional approach to scroll designs. This in-depth course will cover basic art principals as they relate to big picture layout and design, the use of negative space to your advantage, effective borders and framing, creating movement and flow, the impact of color, and how designs relate directly to the tools in your arsenal. Whether you are just beginning to draft your own patterns or have years of experience and are looking for fresh insights and inspiration, this drawing class will set you up for success. If you prefer scrolls to enhance your design and not overwhelm, then you will love this non-traditional approach. Apply what you learn with challenging design exercises throughout the class. Emphasis will be placed on overall design and contributing elements rather than perfecting scrollwork specific details. My Scrolls, Scrolls, Scrolls course covers that topic in greater depth and is an excellent companion course. Take home sketches you create in class to put on leather later. My goal is not to teach you to imitate my style, it is to give you the foundational tools and concepts to allow you to confidently draft beautiful patterns true to your own unique style.

Materials to Bring: Notebook, drawing paper, pencils and eraser, straight edge, optional drawing tools (compass, French curve, etc...), pattern transfer paper (optional), pen, personal leather stamping/carving tools, maul, and a tooling stone.

Selling Your Work Online

\$140.00

BRANDON CORRAL

Student Limit 20

- All skill levels welcome!

Join Brandon Corral in his most popular class: Selling Your Work Online. In this class, you will go over the fundamentals of identifying your target market and how to make sure your products are being put in front of them. You will participate in the hands-on approach of online marketing using various platforms of social media and you will be attempting to actually make a sale during the duration of the class using techniques regarding SEO, social media trends, and a couple online tricks Brandon has picked up over the years. Because of the popularity of this class, the content creation side (photography, videography, and editing) has become its own separate class: Making Online Content That Works. We will be using the content created in that class to sell a product in this class. If selling your work online is a high priority to you, it is recommended that you take both classes.

Materials to Bring: Note taking materials, plus any and all questions you have regarding your own social media account/s.

Shifting Gears: Scaling from a Hobby to a Business

\$125.00

JOE MELING

Student Limit 20

- All skill levels welcome!

Hearing your gears grind in the workshop? Are you ready to shift gears smoothly from owning your job to running a business? Whether you're starting from scratch or scaling up an existing venture, learn strategies to run your business instead of feeling like your business runs you. Learn how products, pricing and promotion create a sturdy foundation to build on. Unlock the mindset shift that will allow you to turn your passion into profit. Time permitting, there will be some Q&A at the end.

Materials to Bring: Note taking materials.

Shotgun Chaps Pattern Drafting

\$175.00

JULIE BAUGHER

Student Limit 15

- All skill levels welcome!

Let's draft a pattern for a pair of shotgun chaps! This class will teach you how to take measurements, and then apply measurements to make a pattern for a particular person. We will go over fit, details in fitting including types of leather and how different things like pockets affect fit. You will get a pattern to take home with you and instructions on what the class went over. Generally, we also get to talk about construction order and techniques used to build chaps. Please feel free to bring chaps that you have built so we can go over them. My goal for each student is to give them a good base to go from so they can add to details and learn in an easy format and manner. Please don't hesitate to get ahold of me if you have any questions ahead of time! jbltleatherschool@gmail.com

Materials to Bring: Tape measure, cloth tape, 6 x 24" Omni Quilters grid, pencils, eraser, notebook. (Please put your name on your grid.)

Starting Out with the FUNDamentals

\$195.00

SERINA LEE

Student Limit 20

- Beginner

For the BEGINNER! What the heck is beveling and how do you do it? How do you know which side of the line to bevel on? What is pear shading, camouflaging, veining, leaf lining, petal lifting and backgrounding?? What is a swivel knife and how do you use it? What are the differences in leather and the weight of leather? Which leather do I use for what?? How do you cut all this leather? We will go through all of these things and learn how to tool a flower and a leaf! You will also learn about all of the essential tools needed and what they are used for! Lastly we will touch on dyes, antiques, glues and finishes too. All in a day's work!

Materials to Bring: You will need to bring note taking materials, a stamping stone, mallet, swivel knife, beveler, pear shader, camouflage tool, veiner, background tool, seeder, a straight edge ruler, stylus, and a wing divider. Also bring clear packing tape, a weight (bean bag type) to hold your leather in place while you tool, and scissors.

Swivel Knife Finesse

\$175.00

JÜRGEN VOLBACH

Student Limit 15

- All skill levels welcome!

Wield your swivel knife with confidence! Learning to cut smoothly and seamlessly is the goal of this workshop. This is the right workshop for anyone who is a little afraid of making decorative cuts, or who has some trouble with positioning or holding the swivel knife, has problems with sharpening, does not know which blade is to be used for what...Let Jürgen guide you on cutting depth, pressure, correct hand grip, cutting for beveling, cutting for decorative cuts, using the correct blade for your work, and more. He'll also be teaching correct sharpening techniques and ways to keep your blades sharper for longer. Patterns that will challenge and delight will be provided. At the end of the workshop, you'll cut a complete design into leather using only your swivel knife!

Materials to Bring: Your swivel knife, polishing strop, stylus, notepad, mechanical pencil (0.7 mm B - soft), bonefolder and every question you've ever had about mastering the swivel knife.

Tooling and Detailing Realistic Skulls

\$125.00

BRANDON CORRAL

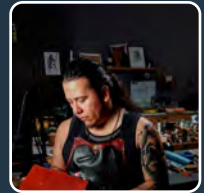

Student Limit 12

- All skill levels welcome!

Join Brandon for this up-close tooling class as he demonstrates how to achieve layers of dramatic dimension and realism in leather. Having taught tooling in online spaces like Elktracks Studio, Brandon has refined the process for explaining the more subtle techniques to achieving detailed tooling. This class is designed to explain all the concepts and fundamentals useful for beginners, while also arming the intermediate and advanced with new techniques and skills to allow you to tackle more complicated projects with confidence. Students of all skill levels will find value in this class. Bring your best learning attitude and be prepared to question everything about the tooling process.

Materials to Bring: Recommended: Granite/marble slab, mallet or maul (wood, polymer, rawhide, or composite are all good; NO RUBBER), small, medium, and large common bevelers (figure bevelers will also work fine), small, medium, and large smooth pear shaders, small, medium, and large lifters, hair line tool (swivel blade, modeling spoon, or even a needle will work), ballpoint stylus set, swivel knife, modeling spoon, and smallest and largest textured or knurled backgrounder or pear shader (most shapes will work). (These tools are "recommended", but for reasons you'll learn in class, just bring what you can and we'll make it work.)

Materials for this workshop donated/provided by:
Hermann Oak Leather Co. and Renia USA.

Using Ballpoint Stylus on Tooling

\$90.00

BRANDON CORRAL

Student Limit 15

- All skill levels welcome!

Learn to use one of the most inexpensive modeling tools available to add incredible levels of detail to your tooling! In this class, Brandon will walk you through how he employs techniques to help create an illusion of depth and a scale of detail that goes beyond what bevelers alone can achieve. Take your tooling to the next level!

Materials to Bring: Tooling stone, mallet, smooth bevelers of choice, knurled backgrounders of choice, ballpoint stylus set (\$7 on Amazon), swivel knife, strop, and polished pear shaders (whatever sizes you have).

Vests 101: Fitting

\$175.00

JULIE PIERCE

Student Limit 6

- All skill levels welcome!

This class will teach the fundamentals of garment fitting that will then be used to create a cotton canvas shell for a vest that fits. We'll talk about how to take accurate measurements, modify a pattern, construct the garment, and fine tune the fit. You'll come away with an understanding of how to make a vest that *finally fits* and a pattern that you can use for any fabric or leather. Basic machine sewing skills are helpful. {You will be using the COBRA Class 20; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Large cutting mat, rotary cutter with new blades, fabric scissors, straight edge, pen/pencil, notebook, 2 meters of medium weight cotton canvas/fabric.

Materials for this workshop donated/provided by:
Leather Machine Co., LLC

Vests 102: The Details

\$40.00

JULIE PIERCE

Student Limit 10

- All skill levels welcome!

This class will present ideas and techniques for pockets, linings, and front closures like buttons/buttonholes or zippers. Julie will have samples and will be able to answer your questions regarding the fine finishing details that will set your vest apart. This is a 'demonstration only' class, with no sewing required from you. Julie recommends that you take Vest 101 (the workshop was called "Make a Vest That Fits" in 2023) for a greater understanding of the techniques to be presented. {You will be using the COBRA Class 20; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Note taking materials.

Western Style Guitar Strap

\$250.00

DON GONZALES

Student Limit 10

- Advanced

The Western Style Guitar Strap has been one of DG LeatherCraft's more popular pattern packs and its project video on their YouTube channel has been viewed by many craftsmen wanting to try their hand at making one of these. In this workshop, we will work on our floral carving skills with a focus on swivel knife work along with all other aspects of fine floral stamping. Options for each student will include incorporating some of their preferred geometric stamping, adding initials or brands, and a limited choice of finishing techniques. The project in this class will also have the option of being lined with a veg tanned liner for a smooth backing, or leaving it unlined for a more rough, natural backing. {You'll be using COBRA Class 18 and Class 26 sewing machines; if you are interested in purchasing COBRA equipment at the show, call Leather Machine Company by February 1 to pre-order at +1 (866) 962-9880. Deposit required.}

Materials to Bring: Marble/granite tooling stone, floral stamping tools, swivel knife, mallet/maul, geometric tool of your choice, maker's stamp (if you have one), trim knife, X-acto knife, blue painter's tape, #3 or #4 edger, edge slicking supplies (small can for water, canvas, rub stick, dauber), paper towels, notebook, pen/pencil, transfer film/paper, strop, cutting board, 1" bag slot punch, #10 or #12 drive hole punch, and (optional) a headlamp/magnifier.

Wet Forming & Molding Leather

\$125.00

CHUCK DORSETT

Student Limit 10

- All skill levels welcome!

First rule of this class: let's have fun with it! We'll start with some simple wet formed projects like a classic opera mask and a feather. From there, we'll work with common shapes and places for wet forming, such as bullet loops, holsters and pockets. We'll make molds from scratch with common items found in our shop and home and then we'll take that up a level with molds on molds, more complex molds and even a beautiful diamond plate design. Other topics of discussion will be using a leather firming to hold our shape, baking for a harder form and how to add tooling or stamping to our mold piece.

Materials to Bring: Note taking materials. Weaver Leather will provide all of the supplies.

INSTRUCTORS [ALPHABETICAL]

Chris Andre

is a professional leather artist and maker in Colorado. Chris works mostly in cowboy action and concealed carry gun leather while dabbling in saddles, cowboy trappings and motorcycle gear. Chris is also an active and competitive member of SASS and Cowboy Fast Draw, and is a lifetime competitive shooter. Chris authors a variety of instruction and pattern packs for gun leather and other items as well as offering workshops in holster making and carving.

Julie Baugher

has been doing leatherwork and building custom leather goods for 43 years. She attended saddle making school at Spokane Falls Community College with Jesse Smith in the early 80's. Her first job was in Laramie, WY, building saddles at The Boardwalk. After running Ellensburg Saddle Company for some years, she started Julie Baugher Leather Design to continue doing custom work; it's now a full-time leather working school specializing in chap making.

Bob Brenner

Besides being a full-time saddle maker, Bob was a branch bank manager that gives him good experience in reading and analyzing profit and loss statements. He was also an account manager for a computer company that did all the data processing for area banks. Based on his wealth of knowledge gleaned from these experiences, he published a book on pricing saddles and other leather work. Bob owns Pike's Peak Saddlery in Black Forest, CO.

Nick Carter

An accomplished braider currently residing in Casper, Wyoming, Nick is a working man's braider who has been making and sometimes selling his braided goods for over 24 years. Always willing to share and learn techniques, Nick offers his services with great enthusiasm every chance he gets.

Odin Clack

traded in a cushy corporate job in Digital Marketing in 2017 to pursue growing his small leather goods brand. He first began working with leather in 2012 and quickly caught the bug. It didn't take long for him to merge his two worlds. What started off as an experiment turned into a hobby, then a business, and finally a brand.

Brandon Corral

known as Swift on the internet, is an award-winning leather artist. Having dedicated the past third of his life to leathercraft, Brandon has found a focus on leather tooling and has made it a staple of his career. Having taught marketing for the past two years, his focus has now expanded to also include spreading the knowledge of the subtle art of detailed tooling.

INSTRUCTORS [ALPHABETICAL]

Chuck Dorsett

has been a hobbyist and professional leather crafter for more than 30 years and creates the project videos and The Leather Element series for Weaver Leather Supply. His work has appeared in a number of theatrical productions, museums and motion pictures including Pirates of the Caribbean, Mortal Kombat, Just Visiting, The Man in the Iron Mask and Spamalat.

Kathy Flanagan

When she was very young, Kathy started her leathercraft career as a 4-H project, not knowing what it would lead to many years later. She has become the recipient of prestigious awards, such as the coveted Al Stohlman Award and Master Leather Artisan of the Year from the Academy of Western Artists. Figure carving has become her primary focus, and she is determined to share everything she has learned.

Sarah Garvey

is a full-time leather artist specializing in intricately tooled purses and accessories. A single mom of two, she has been designing and creating under her brand, Western Skies Handmade, since 2008. With a background as a classically trained musician, Sarah's distinct style elevates traditional craft with a fresh blend of classical and modern designs.

Don Gonzales

became interested in leathercraft while in eighth grade, when a friend's father shared some simple skills with him. He went from making sheaths and belts and saddle repairs to eventually owning his own shop and going full-time in 2004. He credits Jimmy Plantt for many life lessons and skills learned, in addition to those from his many online friends. In October of 2020, Don launched a new, weekly podcast, Lost Trade. Don lives in Moulton, Texas.

Noa Greenspan

studied leather handbag and footwear design in Tel Aviv, Israel, in 2012, then moved to NYC and studied accessory design at FIT (Fashion Institute of Technology). In 2017, she started working with exotic leathers and hasn't stopped! She is currently the creative director at Pan Am Leathers.

Wayne Hape

will use what he's learned from years of saddle making with father, Chester Hape, and on his own in his shop to teach you how to prepare thread and materials for precise hand sewing. Using a hand awl and needles you'll master efficiency and perfection for both flat work and box stitching. This workshop will focus on mastering techniques rather than finishing a project.

INSTRUCTORS (ALPHABETICAL)

Aaron Heizer

has been working with leather since 2001. While in the Army, he found that it was a hobby he could take with him to most places. Aaron now owns Maker's Leather Supply in Elm Mott, Texas, offering a continuously growing inventory of leatherworking tools, templates, colors, and other supplies on his website and through his retail storefront. Aaron enjoys answering all manner of leatherworking questions during his "Ask Away Monday" sessions on Facebook.

Jim Jackson

Jim's leather shop is associated with The Brinton Museum in Bighorn, Wyoming - where he displays his work and conducts discussions about leather design, carving processes and regional history. For many years he designed, tooled, and built leather goods for King's Saddlery (his shop was in King's Western Museum). He has been honored with a National Heritage Fellowship from the National Endowment for the Arts, Master Leather Artisan of the Year by the Academy of Western Artists, and the Al Stohman Award.

Sheryl Katzke

interest in leathercraft started 1997 when she found a set of tools at a flea market. Those tools propelled her on a journey in leather she could not have imagined. Over the last 25 years, she has had the privilege to study and learn different tooling techniques from several of the masters.

Bob Klenda

has been carving leather since 1959 and making saddles since 1962. As past president and founding member of the CSMA, he is accustomed to teaching saddle making and leather carving. Bob is primarily self-taught and is eager to share his knowledge with others. He is a recipient of the Howard Munsell Award for promotion of the art of saddle making, and in 2010 he received the Al Stohman Award for Achievement in Leathercraft.

Serina Lee

began playing with leather in 2009, being self taught until she attended her first leather show in Prescott in 2015. Her eyes were opened up to so much! Serina lives in Central California where she creates her leather goods. Serina is also on a team of bag makers who put on many classes through Zoom online each year. Serina and her husband live on a small farm where they raise many animals. She loves to spend time with her 8 grandchildren, visiting family in other states, trail riding, loving on animals and woodworking.!

Yves Lesire

started as a self-taught leathercrafters during the first 25 years of his career, working with leather while in the French Navy, and later as a waiter on cruise ships. He began making western saddles after attending Fred Harsant's school. He is now a full-time western saddle maker and teacher. Yves is a founding member and a former president of the European Cowboy Gear Maker and Artist Association.

INSTRUCTORS (ALPHABETICAL)

Annie Libertini

is an award-winning leather artist living in Spokane, WA. Her leather masks and other work have been featured on television on *Once Upon a Time*, *Z Nation*, and *Gotham*, as well as in many photo shoots and theater productions in the U.S. and beyond. Annie travels to teach leather crafting workshops all over the country as well as teaching online at elktracksstudio.com. She was the 2023 recipient of the AI Stohman Award for Achievement in Leathercraft. More information about her work can be found at www.annielibertini.com.

Jim Linnell

was born and raised on a ranch in eastern Montana, and has had leather working in his blood ever since his first visit to the Miles City Saddlery. He has spent over 50 years in the leather industry. Through the business he started in retirement, www.elktracksstudio.com, Jim has instructed Whether in a large group or private classes, He is the 2002 recipient of the AI Stohman Award for Achievement in Leathercraft.

Michael Magnus

is a former Advertising Professor who now shares marketing insights dedicated specifically to the needs of the leatherworker, both through live workshops and his monthly column of "Magnus' Marketing Minute". Over the last 10 years, Magnus has worked with some of the largest brands in the leathercraft industry, guiding digital strategy, publicity, eCommerce, and more. Magnus has also run marketing campaigns for businesses looking to expand their reach.

Leandra Martin

is an Idaho native, working in the leather industry full time for the last seven years. Leandra specializes in high end purse design and construction with a western flare. She has designed many of her own patterns and enjoys the process of designing and construction. She has recently began teaching classes to share her techniques with others in the industry.

Nancy Martini

is a 35 year saddle maker and 50 year leather carver. She has learned, and continues to study, with the best to improve her work and help others. She works from her home ranch studio in Idaho.

Kendall Mckenzie

is an award-winning artist with over a decade of experience working across various mediums. Her creative journey led to the development of Eldorado Style, a unique carving technique that emphasizes the natural flow of design, purposeful use of space, and a sense of movement. Kendall's work blends traditional and contemporary styles, and through her workshops, she shares her passion for artistic expression, helping others explore new approaches to their craft.

INSTRUCTORS (ALPHABETICAL)

Joe Meling

owns and operates 23+ in Pendleton, OR. He has been tooling leather since 2005. Through his YouTube channel, online courses, and in person classes, Joe specializes in helping beginning leather toolers. The ah-ha moments that students have, continues to fuel his drive to simplify the learning process.

Kay Orton

loves helping young people learn and enjoy leathercraft. She has been teaching 4-H leathercraft for the past 50 years and has organized a youth leathercraft workshop and leader training each February in Grand Junction, CO. for the past 27 years. In 2004 she joined the Colorado Saddle Makers Association. She received the AI Stohlman award in 2012.

Bob Park

is a leathersmith specializing in western floral tooling. He has won numerous awards at national shows and exhibitions. In 2015, he was awarded the AI Stohlman Award for Achievement in Leathercraft. In addition to his leatherwork, Bobby is the author of *Creating Western Floral Designs*. Bobby also produces a variety of innovative products designed to improve and enhance leather working for novices and professionals alike.

Julie Pierce

has been sewing by hand for as long as she can remember and on a machine since a 1970 home economics class. In the years since, Julie has made everything from bridal gowns to rodeo royalty wear. Julie first began making leather clothing in 2009, when she completed a leather jacket to wear at the National Finals Rodeo in Las Vegas. Currently, Julie operates JJ Pierce Co. in Lewiston, Idaho, making bespoke leather garments.

Daniel Reach

As a lifelong artist, Daniel Reach has dabbled in just about everything, but the two niches that have inspired his creative side more than any others are leatherworking and airbrushing. In his early 20s, he apprenticed under one of the top 10 airbrush artists in the world. As a leather artist, Daniel is a Master Leather Craftsman, and a multi-award winning artist who teaches on two YouTube channels, including Weaver Leather Supply and The LeatherVerse.

Isaac Romero

started with leather as a hobbyist around 1994. He studied at the Arts and Crafts Leather School in Cordoba (Spain) and Loewe's Leather Design, receiving a Master's Degree. He has been a full-time leather worker since 2003. Since 2018, he's been sharing his knowledge, offering classes in different countries. In 2020, he started his business, Leather Artisan Lab, selling carefully selected premium leather tools.

INSTRUCTORS [ALPHABETICAL]

Greg Sartor

started Silver Creek Leather Company from a desire a desire to continue the tradition of leather crafting. They manufacture and distribute leather craft supplies and components across the world. All aspects of manufacturing are handled in their southern Indiana factory, and their products can be found in Hobby Lobby, Michaels, and JoAnn stores. Silver Creek Leather is the leading supplier of leather craft products to the U.S. craft store market.

Diane Scalese

has been hand engraving for over 30 years. Beginning with silver engraving on the bits and spurs that she and her husband Bob built, Diane also began building and engraving saddle silver, belt buckles, and jewelry. Diane is a Master Engraver in the Firearms Engravers Guild of America, a Colt Master Engraver with the Colt Collectors Association, and a 2018 inductee in the National Cowgirl Hall of Fame in Ft. Worth, Texas.

Steve Stephenson

In the winter of 1968-69, Steve heard of a saddle making school in Ralston, Wyoming, which he signed up for. It was his good fortune to discover that Cliff Ketchum was the instructor. Through Cliff, Steve met Don King and was immediately captivated by his sense of design and leather carving. Steve had he had the good fortune to move to Sheridan, Wyoming and worked with Bill Gardner, Don King, and Chester Hape.

Brodrick Vaughan

owns Vaughan Gators in Tallahassee, Florida. What started as a new hobby for an avid lifetime hunter turned into a full-time job as a nuisance alligator trapper for the Florida Wildlife Commission. Broderick began tanning all of his own hides at Sebring Custom Tanning. The unique experience of being a part of the entire production process, from capturing the live alligator to making the finished goods, is what led him to develop a passion for leatherwork.

Jürgen Volbach

is a leatherworker from Cologne, Germany, who had his first lessons 30 years ago with the famous boot and saddle maker, Don Atkinson in Kerrville/Ingram, Texas. He worked with leather every day, making leather designs and toolings and carvings for clients using old and new leather skills. He is the 2020 recipient of the AI Stohlman Award for Achievement in Leathercraft.

Carlos Williams

Growing up with the nature of Hawaii inspired Carlos Williams' color themes that he transfers onto leather. Kauai plant and tree life has had a huge influence with his style of dying. Rainbow eucalyptus trees have also become a huge part of what informs his style of leather work. You can view more of Carlos' work on Instagram at [lospalanileathercreations](https://www.instagram.com/lospalanileathercreations).
